WAUSEON, OHIO, FRIDAY, MARCH 13, 1914

NO. 48

BENEDICT ARNOLD

"A Last Opportunity for Heroic Glory."—Oration Written by Rosemary Blair of the Wauseon High School and Delivered by her Before the Wauseon Chapter D. A. R. February 20th, 1914.

Each year we celebrate the deeds and acts of brave men, our statesmen, our presidents, our generals. But there is one for whom we have nothing but bitter, harsh words. One, who in a moment of passionate frenzy, committed a deed which has made his name one of the most hated of all Americans—Benedict Arnold. Now we shall endeavor to make our attitude toward this man clear to you. We do not defend him, nor attempt to justify his act. Far from it; but we are not filled with such bitter hatred toward him as some. Arnold betrayed his country, but before his treason, he gave great services to her.

Let us consider the character of Arnold. Let us think of him as a fighter. He was a splendid fighter and a skillful general as well as a brave and daring soldier. His startling news from Lexington thrilled all the country. Arnold raised a small company of soldiers and was appointed Captain. As a fighter he was a Colonel and aided in the attacks on Fort Ticonderoga and Crown Point. But best of all his military valor was his splendid bravery at the battle of the Clouds. He was a general before the war, and he was a general after the war. He was a general in the eyes of his men, and he was a general in the eyes of his country.

Arnold joined the army when it was before Boston, and fought in many minor engagements in the first of the war. He had a terrible march through the dense Maine woods, and he was a general in the eyes of his men, and he was a general in the eyes of his country. He was a general in the eyes of his men, and he was a general in the eyes of his country. He was a general in the eyes of his men, and he was a general in the eyes of his country.

Arnold joined the army when it was before Boston, and fought in many minor engagements in the first of the war. ROLL OF HONOR

The Fund For The Monument As It Stands on The Secretary's Record To Date—Two Townships Not Yet Represented, \$1700. To Be Raised.

The Secretary of the Monumental and Memorial Association has compiled from the subscription lists and records in her hands, the status of the fund for the present date. This report makes no pretense to absolute accuracy so far as the total amount of money raised is concerned, except that the total given is the exact amount of money subscribed to the fund as reported to the Association to this date, there may be and doubtless are subscriptions which have not been reported and it will be readily seen that it is important that all money paid or subscriptions made for the monument should be reported as soon as possible to the Secretary in order that the work of raising the money may be complete and the purchase and erection of the monument be consummated within the year.

No matter how large or small the amount may be, if subscribers will report promptly to the Secretary the progress of the fund's growth will be noted from week to week and the raising of the amount necessary will be consummated within the year.

If anyone in the county is desirous of securing subscriptions for this purpose they may secure subscription blanks and a statement by addressing the Secretary Miss Kathryn B. Weir, Wauseon, O.

The endeavor has been made in compiling the following report to give the amount from each township; here again, there may be inaccuracies arising from the fact that the residents of some townships have not yet definitely known. The amounts received from the various schools are included in the amounts credited to the townships in which the schools are located.

Clinton township \$1082.50
Lorain Post No. 35, G. A. R. 100.00
Lorain township 36.75
Dorcas township 21.11
Gorham 16.00
Swan Creek 16.00
York 5.00
Pike 5.00
Chesterfield 5.00
German 1.80
Membership Fees 35.00

Total 1284.90
The minimum amount set by the Association as necessary to build the monument is \$3000, deducting the subscription, as given above and there remains a balance of \$1715.10 which shows that we need to get busy and keep busy until we have this balance wiped out. There is splendid opportunity for work and it will be a noble cause.

Following the plan adopted last week we repeat the names of the schools that have responded and add thereto on the Roll of Honor the names of those who have responded during the past week:

Roll of Honor.
Dover School No. 2 \$2.00
Pike School No. 1 3.00
Clinton School No. 4 4.00
Clinton School No. 3 4.00
German School No. 1 1.80
Orin Cameron 1.00
Mrs. Florence Wiley 1.00
James C. King 10.00
Dr. E. H. Rorick 100.00
E. E. Hallett 1.00

Wauseon in the Philippines
Nearly seven years ago one of our Wauseon boys, Frank Weir, enlisted in the U. S. army for service in the Philippines, the term of his enlistment was for three years and he remained in the Philippines, entering the civil service in the Bureau of Posts at Manila. For nearly four years he has remained in this service and as a demonstration of his loyalty and devotion to his country, he has been promoted to the rank of Captain. He is now in command of the 1st Battalion of the 1st Cavalry Regiment, and he is a very capable and efficient officer.

FROM WINDERMERE

Interesting Letter From S. A. Miller
—Flight From Kansas to Florida
Ahead of Storm—Wauseon Colony
and Visitors All Happy But Fish Don't Bite.

Windermere, Fla., Feb. 28, 1914.
Editors Tribune:
The weather in Kansas continued delightful until we left there Jan. 27, when there was a cold wave approaching from the west which struck Kansas about thirty-six hours after we left. We had a very good trip and we left accompanied with high winds and heavy snow fall. At Springfield, Mo., we made close connections with the train and left for Florida. We arrived at Windermere January 30th, without delay. We had a very good trip and we left accompanied with high winds and heavy snow fall. At Springfield, Mo., we made close connections with the train and left for Florida. We arrived at Windermere January 30th, without delay.

Mrs. Miller was pretty well exhausted when she stood up to deliver her address. We found everything O. K. here. Mr. and Mrs. Ralph Kline are as busy as ever running their store here. Cal Palmer is hustling around through the woods and over the lakes showing prospective buyers their fine orange lands, lake front, etc.; yet he has time to beautify his own home surroundings on Lake Butler.

His wife and father are always busy, when out of work here they go to their truck farms near Sanford and Mrs. Lyon drive their new Ford car carrying passengers to and from Orlando. In the interest of the (well I guess) Lyon-Palmer Transportation Co., which has established a passenger service between Orlando and Windermere which is a great convenience for people from the north wishing to visit Windermere.

Mert Read and Clarence Brigham have made fine improvements in the surroundings of their home on Lake Butler. Have Brigham like all the rest of the denizens on Wauseon street has shown his ability as a landscape gardener by beautifying his home surroundings, yet his countenance is fallen, he wears a look of disappointment and it is all explained by the fact that he is a "fish don't bite" man. Rev. Neff and wife are here; they live in the Keiser home, his health was very poor when they came, but he is improving.

Henry Keller is painting his house and making other improvements. Mrs. Keller has had several severe attacks of angina pectoris, but a little better at present. Charlie Taylor is busy at carpenter work. The "Florida Cracker" that came to this town about eight weeks ago is doing fine.

Robert Port, son and their wives left for Jacksonville, Chattanooga and other points on their trip to the south. The family of John Rorick and wife and Dr. Darby and wife arrived here last week and seem to enjoy this delightful climate and we are glad to have them with us. The Williams families arrived a week ago and have commenced to build their new home on Wauseon street.

The weather here has been cooler than last winter but not cold enough for frost. Mrs. Miller is very much improved since our arrival here and is quite comfortable considering conditions. I was very much gratified to know of the increasing interest taken by citizens of Fulton county in the Soldiers' monument to be built on the corner house grounds, and to know that the G. A. R. had subscribed \$1000 for the monument. I trust the Roll of Honor will continue to increase until every citizen of old Fulton county will have their names on the roll by subscribing from one to one hundred dollars to the noble work. Fulton county has the means and I believe the patriotism to build a \$5000.00 monument to the noble men who have died for her noble sons, some of whom died upon nearly every great battle field of the civil war.

I am,
S. A. MILLER.

NEW BUILDING

Toledo and Indiana Railway Company To Erect a Two Story Brick Building on Beech Street Beside Their Station Building.

Wauseon is to be further improved by the Toledo and Indiana Railway Company in the erection of a two story brick building on the site of the old station building on Beech street. We understand that the plans are already in the hands of A. R. Hill, contractor and builder of this city, and that work on the building will be started very soon. The building will be similar in architecture and material to the station building, but it will be a two story building and will be used as a light and power station for Wauseon. The building will be a very fine building and will be a great improvement to the city. The building will be a very fine building and will be a great improvement to the city.

Plain Truth That's Worth Money.
Using Foley's Honey and Tar for a cough or cold may save you both sickness and money. F. F. Monahan, Menominee, Wis., says: "I am exposed to all kinds of weather and I have Foley's Honey and Tar Compound always in my pocket. I have a bad cough. I recommend it gladly. Refuse substitutes. Fink & Haussner."
